

## **Battlefords Agricultural Society Cancels Agrimex Farm, Trade and Home Show**

**For immediate release:**

**January 29, 2021**

It is with great sadness that Battlefords Ag Society has decided to cancel the Agrimex Spring Trade show for the second year in a row due to covid restrictions but mostly to ensure the safety of all patrons involved. After cancelling last year's show which would have marked our 35<sup>th</sup> annual we were hopeful to bring a bigger and better show in 2021.

We have been working on the Northwest Territorial Days Exhibition which was also cancelled last year which would have marked the 132<sup>nd</sup> year. The only other time the show was cancelled was due to the Louis Riel Rebellion.

It is our hopes to run a huge trade show with the Exhibition this year depending on Covid restrictions and Health and Safety regulations.

Also cancelled for the second year in a row is "The Evening Out". Thanks to all that have attended in the past and if restrictions lift later in the year we are still hoping to put together this event.

Everyone's safety is of upmost importance so the Board of Directors and Staff have decided this is the best thing for everyone involved. As things open up we will have a re-open plan in place which will be a new normal for everyone but we are certain we will carry on.

As we are a Nonprofit Charitable Society that runs entirely on our Events and Rentals we have had an extremely tough year as we have basically had none for the past year. Last year more than a dozen events had to be cancelled.

Thank you to our Generous Sponsors who believe in us and all we do for the Battlefords, our Community and surrounding areas, and to all of the Patrons for their donations and support. As a Charitable Society all donations will receive a tax receipt. We hope to see each and every one of you in the near future but in the meantime please stay safe and diligent so we may all get together soon.

Call us with any questions and we will be glad to help 306-445-2024 or visit our website [www.agsociety.com](http://www.agsociety.com).
